

## CONNECTIONS & COLLABORATIONS

### Creative Dementia Arts Conference

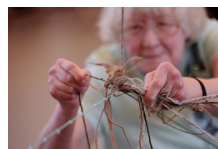

The Albany, Deptford, London  
Monday June 11th 2012

#### CREATIVE DEMENTIA ARTS NETWORK

**Creative Dementia Arts Network** is developing a knowledge hub for everyone interested in using creative arts to improve the health and well being of people living with dementia and their carers. We provide information, training, consultancy and evaluation services and seek to build an on line community network that connects, collaborates and shares resources in arts and dementia.

**ARTZ UK**, a founding member of the **Creative Dementia Arts Network**, organised a successful conference held in Oxford in 2011. In response to fantastic delegate feedback and a plea for more workshops the Connections and Collaborations Conference at the Albany, Deptford, London on Monday June 11 will be full of practice focused workshops. We aim to provide opportunities for learning, networking and above all inspiration!

**The Albany** is a community based arts venue with an established reputation for promoting creative development especially in the performing arts. Its commitment to diversity and work with people with disabilities make it a great venue for our second conference. We are very pleased that one of the Albany's resident companies, Entelechy Arts, are leading a workshop and also providing live music for the Tea Dance that will end what we hope will be a memorable conference. Don't miss it!

## WHO IS THIS CONFERENCE FOR?

Commissioners of arts and activities in health, social care and housing, artists, performers, and musicians, health and social care professionals and health / care workers in hospitals, care homes and communities, galleries, museums, and cultural institutions, arts organisations, academics, researchers and students and anyone else interested in this important and developing field.
