Housing for 'LIFE'

(for Mary)

Health Summit - 27th Feb 2014

Who we are

We provide health, social care and supported employment services for vulnerable people in their own communities

We believe that people do not see ‘health needs’ or ‘social care needs’ but ‘challenges and problems they face’, often as a result of disability, illness or injury

We are passionate about...

Supporting people to make the most of their lives...
