Membership workshop

Title:	The HDRC what next? Shaping research and informing decisions
---------------	--

Organiser:	Housing and Dementia Research Consortium
-------------------	--

Description:	This event will be the second membership workshop organised by the HDRC. The aims of this interactive workshop are to raise awareness of the HDRC, to gain an understanding of how best to engage the membership and to set the future research agenda. Key priorities are the sharing and understanding of the issues that members currently face in relation to accommodation and care for people with dementia and the development of research goals that address these issues.
---------------------	--
